B	1525
C	1064
D	762
Kg	6621

D-KTC Pot strainers have been specifically designed to meet all customer requirements including for high pressure applications. Designed and fabricated to ASME VIII Div.1 as standard but can also be supplied to other pressure vessel codes. I.e. ASME B31.3 etc. Standard features include low pressure drops at high velocities, stainless steel perforated baskets as standard, vents and drains with the possibility to supply davit lifts, quick open closures, DP gauges. We are also able to manufacture against customer requests in all types of materials.
